## Timeshare Association Sues Narveson For Fraud

The Breezy Center Timeshare Owners Association has filed a complaint in District Court against Narveson Management, Inc. (NMI) and Neal Narveson.

The lawsuit is in response to actions taken by NMI and Narveson to maintain control over the Association while managing the Association's business and operations.

Allegations in the

complaint include the forgery of proxies that effectively reelected Association Board members with a loyalty to Narveson, which in turn, guaranteed the continuation of the Association's management agreements with NMI.

According to a whistleblower, Neal Narveson and several of his Associates completed fraudulent proxies for Owners

in the Breezy Center them, was not theirs. TSOA, purporting to give the existing Breezy Center Board Members the ability to vote on their behalf in the 2016 election.

Several owners have signed affidavits acknowledging that they didn't send in a proxy for that election, and furthermore that the signature on the proxy that was alleged to be from

One of the fraudulent signatures turned in for the 2016 Annual Meeting was from an owner who had died in 2010.

The current Breezy Center Timeshare Owners Association Board feels that they have a fiduciary responsibility to recover the Association's funds expended to defend a fraudulent election.

There is no affiliation between Breezy Point Resort and Narveson Management, Inc.

## From the Desk of Bob Spizzo

Bob Spizzo  
Whitebirch CEO

I feel a great sense of satisfaction when looking back on the accomplishments of the Resort over the past 40 years of my family's and my ownership.

With the help of our employees and our dedicated management team, many of whom have been with us for over 30 years, the accomplishments are many.

There are now 3 generations of the Spizzo

family working at the Resort and I hope that this tradition continues for many years to come.

We strive to treat our employees like family since it is the employees that make the Resort successful. It is gratifying to see the grandchildren of former employees now working at the Resort.

While we have overcome many obstacles we also have succeeded in creating many firsts in the state; building the condominiums, timeshares, deeded campgrounds, and resort-owned and operated indoor ice arena.

None could be accomplished without the support of the City, community, employees and guests.

I'm confident the best is yet to come!

Disc golf is a flying disc sport in which players throw a disc, similar to a Frisbee, at a target; it is played using rules similar to golf.

The game is played in about 40 countries and, as of 2020, there were 71,016 active members of the Professional Disc Golf Association (PDGA).

The City of Breezy Point has created a challenging disc golf course. Although the course was built in 2015, it is not well known amongst locals and the course is one of the most highly rated courses in Minnesota.

The course offers significant elevation and scenery that you can't find elsewhere. Built within a heavily wooded plot of land, the course is imbued with the up north character that you

come to love in Breezy Point. Tees are constructed of 4x4 timber boxes with a 10' rubber mat. Very well groomed and maintained, this is a course you don't want to pass up.

A recent review of the Breezy Point course gave high marks.

"Beautiful 18 holes in the woods that is worth going out of your way to play! Worth the drive! Tucked away in the woods, this course is a must play. The course has lots of grade deviation, twist, turns, and set up beautifully. Nice baskets on each hole but some of tee pads could use a more permanent concrete pour. Quite technical, as you're weaving your shots through the woods,"

The Breezy Point disc course is hosting 3 tournaments this year, May 2nd, June 6th and September 5th. For more information, go to:

## Disc Golf A Hidden Gem

## Brides' Stories

Breezy Point Resort was the perfect wedding location. Sylvia was fantastic in making sure everything went smooth. She really went above and beyond and I can't recommend her enough!

-Michelle

Breezy Point Resort made our wedding day the Best day ever! The resort was great at asking me what I wanted, especially Brandi, their wedding coordinator. She quickly replied to all of my questions and concerns. I had used real live gold fish for my centerpieces and they accommodated me with buckets of water for my fish so I didn't have to worry about filling them up myself. They went the extra mile!

-Shannon

Breezy Point was an awesome place to have our wedding! Brandi, our wedding coordinator from the resort, was always available to help with navigating the COVID-19 pandemic. She was flexible and helped us come up with the perfect plan. The prime rib dinner was DELICIOUS and the resort made for a fun family weekend.

-Lora

Breezy Point Resort was a fantastic venue for our outdoor ceremony and reception at Antlers Pavilion! We LOVED Antlers Pavilion for our reception because of its unique outdoor feel surrounded by pine trees, yet covered from the sun. Sylvia answered our many questions throughout the year before our wedding weekend. As we were the only outdoor wedding that weekend, we were kindly offered to move to the Point Lawn at no additional cost which seemed

## Whitebirch Village

Whitebirch Village is reaching another milestone with the completion of its second phase of townhomes.

The second phase, which has 22 townhomes, will be built out this year. We have received approval from the City of Breezy Point to begin the third phase, and there is 1 reservation thus far.

Bob Spizzo, Whitebirch CEO and developer of the townhomes, said the typical purchaser is an active adult desiring to downsize, reduce their real estate taxes and have all the maintenance tasks performed by a trained staff.

This leisure styled community has earned a reputation of neighbors becoming friends. The upscale, maintenance free, single level homes feature 2 and 3 bedrooms with 3-car garage, stone fireplaces, stainless steel appliances granite countertops, and wood flooring.

Townhome amenities include an indoor pool/fitness center, shuttle service and Resort Membership. Model townhomes are open for inspection. Call 218-831-1706.

## CRMC Breezy Point

The CRMC Breezy Point clinic is proving its attractiveness to the surrounding area.

Opened in 2019, the clinic has accomplished its goal of providing high quality, convenient health services for the communities neighboring Breezy Point.

In addition to the full range of family medical services, including lab and X-ray, obstetrics and

gynecology are also offered. Most patients can be seen in same day appointments.

The clinic is staffed by Dr. Mark Bernston, physician assistants and nurse practitioners.

In addition, Donna Claypool, WHNP, obstetrics and gynecology, sees patients once per week. In the near term, an orthopedic specialist will also see patients once per week.

Timeshare Q & A

**Q.** If I convert to Interval International will you automatically cancel my RCI Membership?

**A.** No, you will have a membership to both RCI and Interval International

**Q.** Why are you denying my deposit requests for Interval?

**A.** This could be one of three things:

**1.** If you are an RCI point member you must have a home-week reservation to deposit with Interval.

**2.** Maintenance fees must be paid.

**3.** Interval International has incorrect information (wrong weeks or wrong unit).

**Q.** Why don't I have an automatic reservation if I own with RCI points?

**A.** You have to make a home-week reservation 13 to 12 months prior to your stay.

**Q.** Why should I return my proxy for board member elections?

**A.** Your association board members oversee the financial and operational affairs of your timeshare. They determine how your maintenance fees will be spent and how each unit will be maintained and improved. The quality of your unit is dependent upon your input and their decisions. The board members have a fiduciary responsibility to represent the owners.

Know Your Timeshare

Breezy Point Resort prides itself in its management of Homeowners Association's financial stability, operational efficiency and the building of long-lasting relationships with owners.

Now in its fourth year of managing the Breezy Center Timeshare Owners Association, the Resort is pleased with the positive comments it has received from owners and guests.

Working closely with the Board, the Resort undertook a comprehensive refurbishment and repair program. The Resort was able to upgrade their units while decreasing annual maintenance fees. Plans are underway to refurbish the kitchens in the Breezy Center units. The goal is to exceed each owner's expectations.

The Resort contains fourteen individual timeshare associations. Two management companies represent these associations.

The Resort manages the Whitebirch Estates, Eagles Nest, Pelican Cove and Breezy Center associations. The remaining ten are managed by Narveson Management.

**There is no affiliation between Breezy Point Resort and Narveson Management, Inc.**

The associations managed by the Resort check-in at the centrally located Conference Center, have access to the resort's shuttle service and the use of the owners rec/craft center located adjacent to Dockside Lounge.

Check-in for Narveson Associations is located outside of the resort gates. All timeshare owners, regardless of their association's management company, are welcome and invited to use their owner discounts at any of the resort's restaurants, gift shops, golf courses and lodging accommodations.

All owners are advised to keep their owner ID's current.

Timeshare Owners Beware

During tough economic times many timeshare owners may decide they can no longer afford their timeshare or they may have inherited a timeshare as part of a parent's estate and don't want to keep it or no longer have a use for the vacations due to health restrictions.

Regardless of the reason an owner has for relinquishing their timeshare, owners should contact the Resort at 218-562-7585 or their respective Homeowner Association Board of Directors before contacting or responding to an outside company's overtures for a scheme to take their timeshare.

If they are unable to use their week, owners are encouraged to place their week in the Resort's rental pool. No guarantees are made that the resort will be able to rent the week, however, should the week be rented, the owner will receive 60% of the rental week revenue.

The Resort owns timeshare weeks in the associations of Breezy Center, Point and Point Place. Owners of winter weeks in those associations may contact the resort for a possible deed back, provided the owner is current with the obligations to its association.

Timeshare News

In working with All of these updates Owners Services, Interval International, RCI special assessments and the associations, a while keeping maintenance fees among the lowest in the Timeshare system. Keeping fees in check is also an important concern of the timeshare owners.

Improving communications with the owners is often mentioned and Breezy Point Resort will be adding/updating a section on their website specifically for association information to allow owners to be informed of what is happening in their individual associations.

Trade ability is another integral part of the system and with options for Interval International and RCI available combined with the superior scores our units receive, our owners enjoy great exchange ability.

The timeshare owners, boards and Whitebirch all share the same goals for 2021: keep the units clean and updated at a reasonable cost while having lines of communication open to all owners.

That is why the associations managed by Breezy Point Resort will strive to keep the units looking great.

As an example Breezy Center is preparing for a huge kitchen remodel this year, including flooring, cabinets, counter tops and appliances, Whitebirch Estates will receive all new stainless steel appliances and continued work on counter top replacements.

Eagles Nest is receiving new window treatments, completion of stainless steel appliance installations, restaining of the siding and new dining sets in the large side. Ramps should also be completed this year

Pelican Cove recently completed their kitchen remodel.

## Aquatic Invasive Species

Breezy Point Resort is fortunate to be on the shores of Pelican Lake, one of the cleanest lakes in Minnesota. The Resort wholeheartedly supports the continuing efforts of Crow Wing County in its program to identify and control aquatic invasive species.

Aquatic invasive species (AIS) are non-native plants, animals, or pathogens that live primarily in water and thrive in their new environment, often out-competing native species. Well known AIS include zebra mussels, curly leaf pondweed, Eurasian watermilfoil, spiny waterflea, sea lamprey, and Asian carp.

AIS management has quickly become one of the county's biggest challenges. Although the sce-

nario varies by lake and by species, it is clear that the easiest and most cost effective method is prevention.

The County's stated goal with respect to AIS is: To provide leadership in the fight against Aquatic Invasive Species by developing proactive solutions aimed at educating and empowering local citizens.

The Resort's boat marina has one of Pelican Lake's boat landings. County and local organizations staff the landing to detect AIS and educate boaters on the proper techniques to stop the transfer of AIS from lake to lake.

Everyone has a stake in the future of our lakes and it behooves us all to support this endeavor.

Experience is yesterday's answer to today's problem.

You can meet friends everywhere but you cannot meet enemies anywhere – you have to make them.

A good man dies when a boy goes wrong.

Footprints in the sands of time are never made while sitting down.

The straight and narrow path would not be so narrow if more people walked it.

Faults are the easiest things to find.

Always keep your head up, but be careful to keep

An optimist is one who makes the best of it when he gets the worst of it.

He who is wrapped up in himself makes a small package.

Success usually comes to those who are too busy to look for it.

It isn't necessary to blow out the other person's light to let your own shine.

Courage is not the absence of fear; it's the mastery of it.

Instead of putting others in their place, put yourself in their place.

Today's extravagance is tomorrow's necessity.

Never return a kindness...pass it on.

Parents who are afraid to put their foot down have children who step on their toes.

Counting time is not as important as making time.

Retentive memory may be a good thing but the ability to forget is the true token of greatness.

An unusual child is one who asks questions that his parents can't answer.

A sharp tongue and a dull mind are usually from in the same head.

It is better to say "thank you" and not mean it than to mean it and not say it.
